GENERAL SUMMARY.

At stations having a record of ten or more years on Hawaii the total rainfall for the week was above the average from .59 inch to 1.52 inches in the Koolau, Hamakua, and Kona districts; and below the average from .04 inch to 1.14 inches in the Hilo district; in the remaining districts the changes were slight. On Oahu and Kauai the departures from the average ranged from .56 to .78 inch.

Much less rainfall, .195 to .722 inches, than during last week, occurred on Kauai, Molokai and Oahu—the greatest deficiencies occurring on the last named island. On Maui the rainfall was greater than that of the preceding week, in the Koolau, Hamakua, Hamakua, and Kona districts, in amounts ranging from .67 inch to 2.46 inches; in the remaining districts there was slightly less rainfall than last week's. PORTER COMPLAINS

United States Supervising Inspector
or Birmingham had the officers of the
Pacific Mail Steamship Company's
Mongolia before him yesterday after-
noon for further testimony in review-
ing the decision of United States Local
Inspectors John K. Bulger and O.
F. Bolles. Captain Bolles had recom-
mended the suspension for six months
of the license of Captain W. P. S.
Porter, master of the Mongolia, and
First Mate Andrew Martin for negli-
gence in allowing the Mongolia to
ground on a coral reef at Midway Isl
and on September 15 of this year.
Captain Bulger had agreed to the pun-
ishment of the mate, but exonerated
Captain Porter, because he had taken
soundings and observed all the pre-
cautions required.

Inspector Birmingham stated that
he wished more light as to the course
steered by Captain Porter and the
soundings taken by the mate.

"It seems to me," remarked Inspect-
or Birmingham, after his questions
had been answered, "that Martin
ought to have got soundings much ear-
lier than he did."

"This case has been pretty hard on
me," pleaded Captain Porter, "I have
been waiting on this case for nearly
two months. On this matter I was
before the inspectors for several days
during the greater part of which time
R. P. Schwerin, vice president of the
Pacific Mail Steamship Company, con-
ducted the examination until Inspect-
or Bulger put a stop to it. All I want
is fair play."

"You will get it," assured Inspector
Birmingham.

Mate Martin gave notice that he
would appeal from the decision of Ins-
pector and Bolles.

The case was then submitted.—San
Francisco Call, Dec. 5, 1906.

New York club and Garry Hermann
of Cincinnati. James T. Hart, former
owner and president of the Chicago
club, was also spoken of as a possible
candidate.
